Welcome to the 2021-2022 Band Program

Dear Parents and Students,

The new LCHS BBC board is excited to welcome you to the 2021-2022 Band program. Whether you are new to the Program or a returning student, the booster club leadership is ready to make this a fantastic year for all students.

This packet of materials will help you make a smooth transition into this year's Program and ensure a smooth, successful year. This packet includes several documents required by the school and/or district, of which immediate completion and submission are required to participate. This packet also includes several documents outlining the financial support needed to ensure our students continue to receive the highest quality experiences resulting in their academic, musical, and professional growth. Family involvement is vital to a successful band/guard program. As such, we request each family to volunteer a minimum of four (4) hours over the year. At the mandatory parent meeting, we will discuss additional information regarding volunteering and fundraising opportunities.

The BBC board is dedicated to effective and succinct communication with parents and students. We utilize several platforms to communicate various items. The primary communication is through the weekly email (usually sent on Sunday night). We also have a website that contains general information and links to resources. Instructions to access the various communication platforms are included in this packet. All parents and students should enroll in each of the communication platforms.
